1 week ago - A fast-spreading new subvariant of the coronavirus that causes Covid-19 – nicknamed "Eris" by health watchers but formally known as EG.5 – recently became the most prevalent strain in the country, according to recent official estimates, though it does not appear to cause significant illness or pose immediate danger. According to a CDC estimate from Saturday, the EG.5 variant makes up approximately 17 percent of all Covid cases in the U.S., making it the most dominant strain of the disease.

Eris (/ˈɪərɪs, ˈɛrɪs/; Greek: "Ἐρις *Éris*, "Strife") is the Greek goddess of strife and discord. Her Roman equivalent is **Discordia**, which means the same. Eris's Greek opposite is **Harmonia**, whose Roman counterpart is **Concordia**,^[3] though she is also described as opposing **Nike**, counterpart of the Roman **Victoria**. **Homer** equated her with the war-goddess **Enyo**, whose Roman counterpart is **Bellona**. The dwarf planet **Eris** is named after the goddess.

She had no temples in ancient Greece and functions essentially as a **personification**, as which she appears in **Homer** and many later works.

*How I Found Goddess

THE MAGNUM OPIATE OF MALACLYPSE THE YOUNGER

ABSOLUTELY EVERYTHING WORTH KNOWING

The *Principia Discordia* is the first published [Discordian religious text](#). It was written by Greg Hill (Malaclypse the Younger) with Kerry Wendell Thornley (Lord Omar Khayyam Ravenhurst) and others.^{[1][2]} The first edition was printed allegedly using Jim Garrison's Xerox printer in 1963.^[3] The second edition was published under the title **Principia Discordia or How The West Was Lost** in a limited edition of five copies in 1965. The phrase *Principia Discordia*, reminiscent of Isaac Newton's 1687 *Principia Mathematica*, is presumably intended to mean *Discordant Principles*, or *Principles of Discordance*.

The *Principia* describes the Discordian Society and its Goddess Eris, as well as the basics of the POEE denomination of Discordianism. It features typewritten and handwritten text intermixed with clip art, stamps, and seals appropriated from other sources.

While the *Principia* is full of literal contradictions and unusual humor, it contains several passages which propose that there is serious intent behind the work, for example a message scrawled on page 00075: "If you think the PRINCIPIA is just a ha-ha, then go read it again."
