☰ Summarizer

According to radiometric dating and other methods, **the Earth is estimated to be 4.56 billion years old**, with an error range of 50 million years. ⁰ This age may represent the age of Earth's accretion or core formation, or of the material from which Earth formed. The age of Earth is consistent with the radiometric ages of the oldest-known terrestrial material and lunar samples. ² Some meteorites were formed about 4.56 billion years ago, and their debris constituted Earth. Earth continued to grow through the bombardment of planetesimals until some 120 million to 150 million years later, at which time Earth began to retain its atmosphere and create its core. ¹

The giant squid of myth is not a monster at all, as scientific evidence has accumulated since the late 19th century to replace the myths with fact. 1 The Kraken, a legendary giant cephalopod-like sea monster originating from Scandinavian folklore, has been a staple part of sailors' superstitions and myths. Authors over the years have postulated that the legend may have originated from sightings of giant squids that may grow to 13-15 meters in length. The sheer size and fearsome appearance attributed to the Kraken has made it a common ocean-dwelling monster in various fictional works.

B 'Squid Game' Clues About Player 001 That Point To Oh Il-Nam's I...
 bustle.com > entertainment

October 12, 2021 - Here are the clues that were there ... to Oh Il-nam's true identity. The fact that he's 001, the first hand-picked player in the games, should've been the first clue. His name, Il-nam, which he reveals in Episode 6, should've been another. "Il" or "일" translates to "sun" in Korean, but there's another more fitting translation. "Il" also means "one" or "first." "Nam" or "남," meanwhile, translates to "man" or "boy." ...

Front man: Whether you sell the dead bodies' organs, or eat them, or whatever, I don't give a damn. However, you ruined the most important aspect of this place: **Equality**. **Everyone is equal while they play this game**. Here, every player gets to play a fair game under the same conditions. These people suffer from inequality and discrimination out in the world, and **we're giving them one last chance to fight fair and win**. But, you broke that principle.
